GARDEN CENTER & NURSERIES

Route 9, NATICK-FRAMINGHAM LINE
(OPP. SHOPPERS' WORLD) FRAM. 2-3591

2 LOCATIONS

NURSERY-LAND

Route 18, WEYMOUTH-ABINGTON LINE - Rockland 1060

TABLE OF CONTENTS

Azaleas	22-24	Fruits	37-38
Evergreens	2-10	Garden Supplies	42-44
Evergreen Shrubs	10-13	Vines	35-36
Rhododendrons	12-13	Roses	39-42
Deciduous Trees	14-21	Index to Varieties	46-47
Deciduous Shrubs	22-35		

TWO LOCATIONS

Wyman's Garden Center and Nurseries are located on the Boston-Worcester Turnpike, Route 9, at the Natick-Framingham line, opposite Shoppers' World.

Wyman's Nursery-Land is located on Bedford Street, Route 18, at the Weymouth-Abington Line.

PRICES

The articles in the following list will be furnished at the annexed prices only when the quantity specified, of any given variety and size, is taken.

Specimens personally selected by the purchaser or his representative (or specially selected by us at his request) will be priced according to their individual values.

The prices are for the stock F.O.B. our nurseries.

The prices are effective January 5, 1955.

TERMS

Our terms are cash. Charge accounts, for 30 days credit, may be opened upon receipt of satisfactory credit references—allowing us time for investigation. All accounts unpaid after due date will be subject to sight draft without further notice. C.O.D. express shipments will be made (with collection charges added to the bill) only when order is accompanied by a deposit of at least 25 per cent of the amount of the bill.

WYMAN'S FRAMINGHAM NURSERIES

Our 64th Year

This is our 64th year in the nursery business. The years have seen many changes, particularly the past few years. Our business has expanded from a retail and wholesale nursery to one covering the whole horticultural and garden industry.

In 1948 we built Wyman's Garden Center, the largest and most complete garden supply store in New England. It was our aim to make available to every home owner all types of garden plants and supplies and at the same time give better service to our customers.

In 1951 we made two new additions to the Garden Center, a 44-foot curved eave greenhouse and a large warehouse.

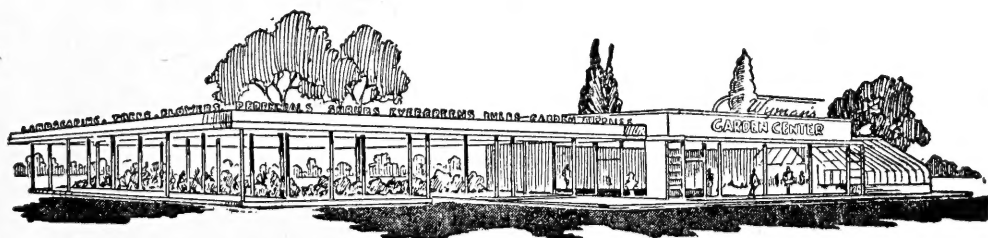

In 1952 we added a new display area for perennials, annuals and roses.

In the fall of 1953 we acquired the finest garden center on the South Shore — Nursery-Land — on Route 18, at the Weymouth - Abington Line. We will bring to the people in this area the same high quality plants and supplies as we have at Framingham.

To assure you of quality plants, we grow nearly all of them less than a mile from the Garden Center. The fields are located on Route 30, Cochituate Road in Framingham, where we have a 135-acre nursery.

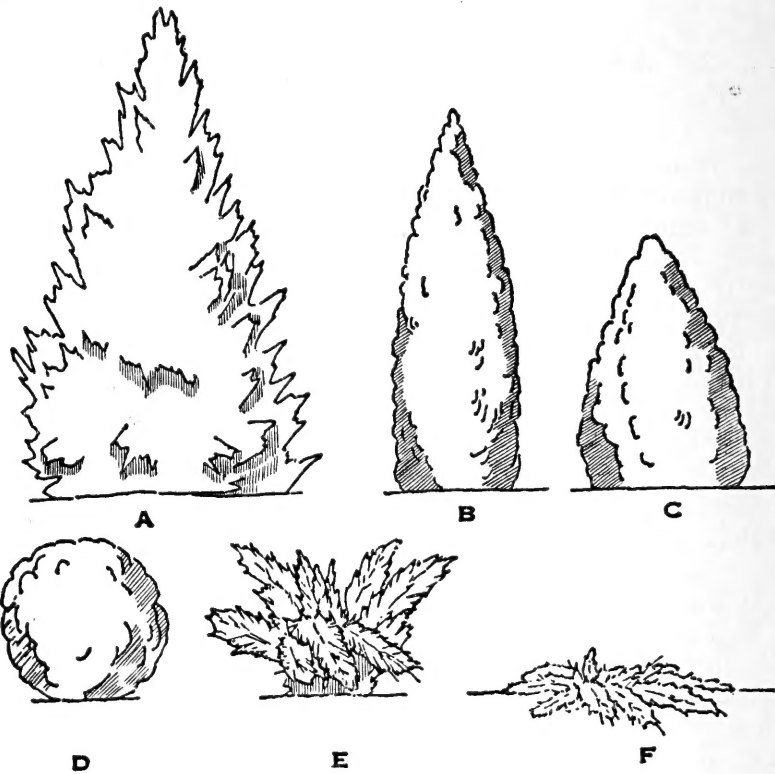

As we are devoting most of our nursery land in Framingham to growing plants for retail sales, we have moved our wholesale nursery business to a new location. In 1950 we established a 129-acre nursery twenty miles north of Cape Charles in Virginia. Here we will specialize in growing Rhododendrons, Azaleas, Yews, Dogwoods, Magnolias and other choice plants.

Our plans for the future provide for many additional facilities and improvements to the Garden Center and to our new store—Nursery-Land. They will be completed as rapidly as possible.

Wyman's GARDEN CENTER

WYMAN'S FRAMINGHAM NURSERIES
P.O. Box 112 — Framingham, Mass.

TYPES OF EVERGREENS

To enable us to give accurate brief descriptions of Evergreens, we classify them into six types shown above.

- A. Large, roughly conical, medium to coarse texture.
- B. Narrow conical to columnar, medium to fine texture.
- C. Broad conical, medium to fine texture.
- D. Globose, including elliptical and flattened globe.
- E. Spreading, bush-form, not prostrate.
- F. Flat, prostrate or procumbent.

MAXIMUM HEIGHTS

These vary under different conditions. The figures given represent an average—not the extremes.

RATES OF GROWTH

These also vary, but we give an approximate average rate per year, also the key letters used in the code.

VR—very rapid—over 18 inches.

R—rapid—12 to 18 inches.

M—medium—8 to 12 inches.

S—slow—4 to 8 inches.

VS—very slow—under 4 inches.

TRANSLATION OF DESCRIPTIVE CODE

We condense the above information into code form as: B—18'—M. Reference to the above explanation indicates that the tree described is a narrow cone or column, a usual maximum height of eighteen feet, growing from eight to twelve inches a year.

EVERGREEN TREES

Our evergreens have the quality necessary to provide excellent IMMEDIATE EFFECT — and heavy root masses to promote TRANSPLANTING SUCCESS.

We dig our Evergreens with a ball of the earth in which they are grown, and wrap them in burlap WITHOUT additional charge.

CHAMAECYPARIS—Retinospora

Caractacus—dark crimson red.

Catawbiense grandiflorum—beautiful light purple.

Everestianum—lilac rose, frilled edge.

Gomer Waterer—large white.

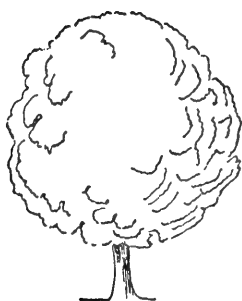

Mme. Masson—white.

VINCA minor

Common Periwinkle

D—VR. Glossy dark leaves. Blue flowers. Plant one every square foot. Grows into a solid mat.

2 yrs., pot grown and field grown	.45	.35
\$30.00 per hundred		

**A****B****C****D****E****F**

TYPES OF DECIDUOUS TREES

- A. Narrow columnar habit, branches erect.
- B. Oval or elliptic head, branches ascending.
- C. Conical head, branches ascending.
- D. Broad rounding head, branches spreading.
- E. Irregular habit, branches irregularly ascending or spreading.
- F. Branches ascending, arching, even drooping near ends.

Certain types such as B, C and D do not always show the characteristics depicted when young, but do so as they mature.

RATES OF GROWTH

VR—very rapid—over 4 feet.

R—rapid—3 to 4 feet.

M—medium—2 to 3 feet.

S—slow—1 to 2 feet.

VS—very slow —under 1 foot.

DECIDUOUS SHADE AND ORNAMENTAL TREES

Caliper measurements are taken 12 inches above ground. Varieties marked "B&B" are always dug with Ball and Burlapped at No Additional Cost. For balling and burlapping charge on items not marked "B&B", see page 25 for B&B charge chart.

DECIDUOUS FLOWERING AND ORNAMENTAL SHRUBS

TYPES OF DECIDUOUS SHRUBS

- A. Stems erect, moderately branched, usually narrow.
- B. Stems spreading, then ascending or erect, moderately branched.
- C. Few stems, many branches.
- D. Many stems, few or no branches.
- E. Stems ascending or erect, arching, finally drooping.
- F. Low, spreading sprawling.

Since few Deciduous Shrubs have a definite rate of growth, or constant ratios of height to breadth, we omit those items, but indicate the types and usual maximum heights.

AZALEA	1 to 9	10 and over
	Each	Each

Admittedly the finest of the flowering shrubs, Azaleas give some of our most delicate flower colors, as well as a flowering range from early April to early July.

AZALEA arborescens

Sweet Azalea

D—6' to 8'—S. Broad round habit. Flowers white inside, rich pink outside, red stamens, fragrant, late June.

18 to 24 in. B&B.....	4.95
2 to 2½ ft. B&B.....	6.50

AZALEA—Continued

<i>poukhanense</i>		<i>Korean Azalea</i>	
D—3'. Low, broad, dense, rounding, with the lower branches resting on the ground. Leaves 2" long, ½" wide; in summer resemble those of the evergreen Alpine Rhododendrons, in fall a pleasing assortment of red shades. Blooms single, 1½"—2", fragrant, pure medium orchid-pink, profuse, mid-May to early June. We consider it one of the very best new plants which we have grown, and the late Prof. C. S. Sargent said, "It deserves a place in all New England collections."			
12 to 15 in. spread B&B.....	4.25	4.00

WYMAN'S POTTED ROSES FOR 1955

Our Selection of the best 61 roses, based on our experience, and the 1954 American Rose Society ratings.

American Rose Society Rating:

10 is a perfect Rose.

From 9 to 10 are outstanding

From 8 to 8.9 are excellent

From 7 to 7.9 are good

From 6 to 6.9 are fair

From 5 to 5.9 are questionable

Below 5 are poor

All American Rose Selection Winners are designated by AARS.

HYBRID TEAS

Hybrid Tea Roses are the most popular class of all. For the most part they are low-growing shrubs which flower from late May until fall frosts. The shape of the flower is superior and the color range wider than in other types. The following list includes the best of the varieties as of 1955.

RED	Color	ARS Rating	Price Potted
Christopher Stone	Medium Red	8.1	\$1.85
Etoile de Hollande	Dark Red	8.1	1.85
Red Radiance	Light Red to Deep Pink	7.9	1.85
McGredy's Scarlet	Brilliant Scarlet	7.5	1.85
Charlette Armstrong (Pat.)	Dark Red and Deep Pink	9.0	2.75
Tallyho (Pat.)	Light Red and Deep Pink AARS	8.4	2.50
Chrysler Imperial (Pat.)	Dark Red, 1953 AARS ..	8.7	3.00
Crimson Glory	Crimson AARS	9.1	2.00
PINK			
Betty Uprichard	Medium Pink	7.0	1.85
Mrs. Charles Bell	Medium Pink	7.5	1.85
Picture	Light Pink	8.0	1.85
Radiance	Silvery Pink	7.9	1.85
The Doctor	Medium Pink	7.6	1.85
Show Girl (Pat.)	Deep Pink	7.6	2.50
Tiffany (Pat.)	Clear Deep Pink 1955 AARS		3.50

BLEND	Color	ARS Rating	Price Potted
Condessa de Sasago	Orange and Orange Blend	7.4	1.85
Pres. Hoover	Pink Blend	7.7	1.85
Talisman	Pink Blend	6.5	1.85
Mrs. Sam McGredy	Scarlet-copper, orange	7.9	1.85
Good News (Pat.)	Pink Blend	8.4	2.50
Sutter's Gold (Pat.)	Yellow Blend AARS	8.1	2.75
Mme. Henri Guillot (Pat.)	Flame to Raspberry Pink	8.4	2.50
Peace (Pat.)	Yellow, Buff and Pink ..	9.6	3.00
Mojave (Pat.)	Orange Blend 1954 AARS	new	3.25
Helen Traubel (Pat.)	Peach Pink to Apricot AARS	8.9	3.00
YELLOW			
McGredy's Yellow	Light Yellow	7.5	1.85
Golden Dawn	Medium Yellow	7.5	1.85
Sister Therese	Medium Yellow	7.5	1.85
Eclipse	Medium Yellow	8.1	2.00
Debonair (Pat.)	Bright medium yellow ..	6.8	2.50
WHITE			
McGredy's Ivory	White	7.2	1.85
Snowbird	White	7.1	1.85
K.A. Victoria	White	6.7	1.85
Pedralbes	White	7.4	2.00
Frau K. Druschki	White		2.00

GRANDIFLORAS

A new class of roses noted for their large flowers grown in clusters on long stems. Flowers are as large as Hybrid Teas but grow in clusters similar to Floribrindas.

RED

Carrousel (Pat.)	Dark Red	8.8	2.50
------------------	----------------	-----	------

PINK

Queen Elizabeth (Pat.)	Delicate Clear Pink 1955 AARS		3.00
------------------------	-------------------------------------	--	------

FLORIBUNDAS

These roses include the many flowered varieties so much used for bedding or as a summer-long flowering border. As massed color they are more effective than the hybrid teas. Not to be confused with the widely promoted multiflora rose which has little or no use in the well regulated garden.

RED

Floradora	Medium Red	8.2	1.85
Frensham	Dark Red	9.0	1.85
Donald Prior (Pat.)	Medium Red	8.3	2.00
Red Pinocchio (Pat.)	Dark Red	8.8	2.00
World's Fair (Pat.)	Dark Red	8.0	2.00
Masquerade (Pat.)	Red Blend	7.8	2.50

	Color	ARS Rating	Price Potted
PINK			
Else Poulsen	Medium Pink	7.6	1.85
Betty Prior (Pat.)	Medium Pink	9.0	2.00
Fashion (Pat.)	Pink Blend AARS	8.9	2.50
Vogue (Pat.)	Glowing Begonia—rose flushed with salmon AARS	8.5	2.50
Ma Perkins (Pat.)	Coral Shell Pink AARS	8.0	2.50
Lilibet (Pat.)	Light Rose to soft Pink 1954 AARS	new	2.50
Frolic (Pat.)	Clear Pink	7.7	2.75
Jiminy Cricket (Pat.)	Apricot-Orange 1955 AARS		3.00
Rosenelfe	Medium Pink	8.2	1.85
YELLOW			
Goldilocks	Medium Yellow	7.3	2.00
WHITE			
Dagmar Spaeth	White	8.2	1.85
Summer Snow (Pat.)	White	7.4	2.00

CLIMBERS

Useful for growing over walls or fences, on trellises or on posts or pillars. This class of roses is always popular.

RED

Paul's Scarlet Climber	Flaming Red	9.1	1.85
Blaze-Everblooming	Medium Red	8.1	2.00
Climbing Christopher Stone (Pat.)	Medium Red	8.2	2.50

PINK

New Dawn—Ever- blooming	Light Pink	8.8	2.00
Climbing Picture (Pat.)	Light Pink	8.4	2.50
Dr. J. H. Nicolas (Pat.)	Medium Pink	7.1	2.50

YELLOW

Doublons (Pat.)	Medium Yellow	7.1	2.25
High Noon (Pat.)	Deep Yellow AARS	7.9	3.00
Climbing Peace (Pat.)	Yellow Blend	7.2	2.50

WHITE

City of York	White	8.6	1.85
White Dawn	White	7.1	1.85

QUANTITY PRICES ON POTTED ROSES

\$1.85 each	3 for \$5.35	12 for \$20.50
2.00 each	3 for 5.80	12 for 22.50
2.25 each	3 for 6.50	12 for 24.95
2.50 each	3 for 7.25	12 for 27.95
2.75 each	3 for 7.95	12 for 30.50
3.00 each	3 for 8.75	12 for 33.50
3.25 each	3 for 9.45	12 for 36.50
3.50 each	3 for 10.00	12 for 39.50

PERENNIALS AND ANNUALS

Because our supply of perennials and annuals varies greatly from month to month we do not list them in this catalog. However, we grow hundreds of the best varieties. Write for our separate perennial and annual list.

We grow all of our annuals and vegetables in plant-bands. This assures you of a well-rooted, stocky plant. The cost is a little more, but anyone who has had plants in bands realizes their value.

OUR PLEDGE

We will endeavor to handle only the highest quality merchandise and offer it to our customers at a fair and reasonable price.

We will represent our products as honestly as possible in our advertising and avoid misleading and exaggerated statements.

We are dedicated to having and maintaining the best horticultural establishment in the country. We will handle only items pertaining to gardening and outdoor living and beautification. We will not stray into other fields of business regardless of how alluring they may be.

OUR GUARANTEE

We guarantee our plants to be:

1. Grown with the greatest skill and science that our 64 years of experience have taught us.
2. True to name. Any plants that are not true to name will be replaced cheerfully, as soon as possible and at the proper season. In the event that nursery stock is not true to name, we will, under no circumstances be liable for more than the invoice value at the time of purchase. We give no other or further warranty, expressed or implied.
3. Alive and in good healthy growing condition when they leave our Garden Center.
4. Free from disease. We spend a great deal of time, money and effort every year in the eradication of insects and plant diseases. Our nurseries are regularly inspected and certified by the Massachusetts Department of Agriculture.
5. Dug properly. This work is done under the supervision of trained experts.

If plants are not as represented on arrival, notify us at once.

Our responsibility ends when you receive the plants in good condition. We cannot be responsible for them after they leave the Garden Center as we cannot control planting conditions, weather and after care. Plants are perishable living organisms. You can guarantee their success by giving them proper care. Treat them well.

FREE LANDSCAPE ADVISORY SERVICE

We no longer operate a conventional type landscape department.

However, we are anxious to help you with your landscape problems, and suggest you take advantage of our free Landscape Advisory Service.

If you will come to the Garden Center and bring a sketch of your property, giving dimensions, and photographs if possible, our landscape designers will lay out a planting plan "Planscape" for you. After agreeing on the design, you then have the advantage of seeing the plants recommended, and also selecting and tagging your own plants. In this way there can be no disappointment later on. We will then deliver them to you at no extra charge provided you live within 25 miles of the Garden Center.

Our experience with this method has resulted in more satisfied customers than the conventional method, where a salesman looks at your property, makes a plan and then returns to your home and sells from the plan. We have found that too few people know enough about types of plants and the quality to be able to buy them confidently without seeing the plants.

We have actual landscape plantings set up at the Garden Center to help you visualize how your planting will look. There is a trained landscape designer on duty at all times who will be pleased to help you.
